Tennessee Bureau of Workers' Compensation (TNBWC) EDI Claims Release 3.1 Announcement

TNBWC EDI Claims Release 3.1 Test Plan and Implementation Schedule Now Available!

Date: February 28, 2020

The TNBWC Claims Release 3.1 Test Plan is located on the "Implementation Info" page at https://tnbwcedi.info/impl-info. Testing starts on March 23, 2020 and will be utilizing the requirements posted for Version 1.1 with revision date of 2-20-2020. Please review the Test Plan for FROI and SROI testing which should be completed by August 14, 2020 as indicated in the Implementation Schedule.

Trading Partners transmitting directly (Direct SFTP) and EDI Vendors are required to complete the Test Plan which can be found at https://tnbwcedi.info, select "Implementation Info." Testers must request testing feedback from Verisk/ISO by submitting the TNBWC Claims Release 3.1 Test Feedback Request List to tnbwcedi@iso.com.

Exception: No testing is required for TNBWC Free Web Entry filers.

ATTENTION - Trading Partner Profile Registration for EDI Claims Release 3.1:

All prospective and current Trading Partners who will be exchanging data with the Bureau via EDI Release 3.1 must register or reregister as a new Trading Partner at https://tnbwcedi.info/register prior to testing. Detailed instructions on how to complete the online registration form are available on the Bureau's EDI website at https://tnbwcedi.info/reg-instructions. For Release 3.1 testing and production purposes, it is imperative that all identifying information for Trading Partners and Adjusting Entities submitted in FROI and SROI filings match the identifying information submitted in the Release 3.1 Trading Partner Profile. Any discrepancies will result in a transaction rejection due to a Sender ID mismatch, Insurer FEIN mismatch, or Claim Administrator FEIN/Postal Code mismatch.

The **Implementation Schedule** is also located on the "Implementation Info" page at https://tnbwcedi.info/impl-info.
This schedule summarizes the TNBWC transition from Claims Release 1 to Claims Release 3.1. See the Implementation Schedule for more information and other important dates.

Additional resources available:

• The TNBWC **EDI Implementation Guide** is located on the "Implementation Guide" page at https://tnbwcedi.info/guide.
This guide provides the necessary information for understanding how to conduct EDI business with the TNBWC as well as references to other important documents.

• The TNBWC FROI SROI **EDI Requirements** are located on the "Implementation Guide" page at https://tnbwcedi.info/guide.
All the technical EDI requirements are housed in three tables: Event Table, Element Requirement Table and Edit Matrix.
If you have any questions about the Release 3.1 Transition after review of the documentation posted, please contact the TNBWC EDI Support Team at tnbwcedi@iso.com.

Thank you,

Tennessee Bureau of Workers' Compensation's EDI Support Team
