

Tennessee Bureau of Workers' Compensation (TNBWC) EDI Claims Release 3.1  
Announcement

**TNBWC EDI Claims Release 3.1 Trading Partner Readiness Webinar**  
**March 25, 2020 – 2:00 PM ET**

The Tennessee Bureau of Workers' Compensation (TNBWC) will soon be transitioning from the IAIABC EDI Claims Release 1.0 standard to the IAIABC EDI Claims Release 3.1 standard for electronic reporting of workers' compensation First Reports of Injury (FROI) and Subsequent Reports of Injury (SROI). To assist TNBWC trading partners in making the transition, the TNBWC and ISO, our state's EDI vendor, will host a free webinar that will cover

- Registration of trading partners
- EDI testing requirements and plans
- Requirements for the submission of EDI data to the TNBWC

Participants will also have the opportunity to ask questions.

**Register to Attend**

Registration is required to attend this event. You may register from the Webex website by clicking [here](#). Once you've registered, you'll receive a registration confirmation email.

If you're not able to attend, you will still have an opportunity to view the webinar. It will be recorded and made available on the TNBWC EDI website at <https://tnbwcedi.info>.

If you have any questions or need assistance getting registered for this event, please contact the TNBWC EDI Support Team at [tnbwcedi@iso.com](mailto:tnbwcedi@iso.com).
